Profile Summary

Entry-level Web developer with hands-on experience creating responsive and interactive applications that follow modern interface standards. Skilled in **HTML**, **CSS**, **Tailwind CSS**, and **JavaScript** for building structured, accessible front-end layouts. Capable of handling backend tasks and database operations with **PHP**, **Python**, and **MySQL**. Committed to writing clean, maintainable code and ensuring optimal performance across devices. Continuously learning new tools and frameworks to enhance productivity.

Technical Skills

Backend	Python, PHP
Frontend	HTML, CSS, JavaScript,
Framework	Tailwind CSS
Database	MySQL
Designing	Figma
Tools	GIT and GitHub, VS code

Projects

Soil And Farming Agent Distribution Web App

- Built a location-based platform to recommend appropriate farming agents based on soil data and help farmers with efficient agricultural planning. .
- Reduced manual matching effort by **automating 90%** of the recommendation logic.
- Improved user satisfaction with a **clean UI** that reduced input errors by 60%.
- **Technologies Used:** PHP, MySQL, HTML, CSS, JavaScript

Request And Approval Of On-Duty Forms Using Web Application

- Designed a web platform to digitize the On-Duty request and approval process in colleges. Enables students and HODs to manage OD forms online securely and efficiently.
- Allowed **24/7 OD form submissions** and tracked status for over **40 simulated student users**.
- Enabled faculty to manage requests from a centralized dashboard, improving form visibility by 100%.

- **Technologies Used:** PHP, MySQL, HTML, CSS, JavaScript

Certificates & Workshops

- NPTEL Certification – Introduction to Graphic Design
- Android Development Workshop – Let's Game Tech
- Flutter Workshop – Accent Tech Soft

Experience

Accent Techno Soft Location : Coimbatore

Web Development Intern

July 2024 – August 2024

- I completed a Web Development Internship at Accent Techno Soft, where I developed a soil-based agent recommendation web application using HTML, CSS, JavaScript, PHP, and MySQL
- Gained hands-on experience in real-world deployment, debugging, and user testing, contributing to a 90% reduction in manual recommendation tasks.

Aim Universe Location : Coimbatore

Web Development Intern

May 2025 – July 2025

- I completed a Web Development Internship at Aim Universe, where I learned to build full-stack web applications using HTML, CSS/Tailwind CSS, JavaScript, React JS, Figma, and MongoDB.
- During the internship, I gained hands-on experience with these technologies and improved my practical skills. I am confident and ready to apply this knowledge in real-world projects and professional environments.
